

CALL FOR ABSTRACT

The International Federation of Dental Anesthesiology Societies (IFDAS) invites clinicians, researchers, educators and trainees to submit abstracts for presentation at the IFDAS World Congress 2027 in Munich. Scientific contributions addressing current developments in dental anesthesiology, sedation, patient safety and related fields are welcome.

Suggested Topics

- Dental Anesthesiology and Perioperative Care
- Local Anesthesia
- Conscious / Moderate Sedation
- Deep Sedation and General Anesthesia
- Pharmacology and Sedative / Analgesic Techniques
- Monitoring and Patient Safety
- Medical Emergencies and Risk Management
- Pediatric Sedation
- Special Care Dentistry
- Education, Training and Simulation
- Clinical and Translational Research
- Free Topics / Other Topics related to Dental Anesthesiology

Presentation Formats

Oral Presentation | Poster Presentation | Either

Abstract Requirements

Abstract title: maximum 160 characters.

Abstract body: maximum 200 words; no tables, figures or charts.

The abstract must contain the following headings, in this order: **Objective – Methods – Results – Conclusions.**

Please provide 3–5 keywords.

Author Information

Please provide the full name, academic degree(s), institution/department, city, country and e-mail address of the first/presenting author. Full names and affiliations of all co-authors must also be provided. A brief curriculum vitae of the presenting author (maximum 200 words) is requested.

Declarations

Submissions should include a conflict-of-interest disclosure and information on funding. For studies requiring ethical review, please provide the ethics committee / IRB approval information and approval number, where applicable.

Review and Acceptance

Abstracts will be reviewed by the Scientific Committee. The Committee may determine the final presentation format. The presenting author is expected to register for and attend the congress if the abstract is accepted.

Submission Deadline

To be announced.

Please review all information carefully before final submission. Accepted abstracts may be reproduced in the congress program or related congress materials as submitted.
